

Se réveillent		Les animaux hibernants
Reviennent		Les oiseaux migrateurs
Font leur nid		Les oiseaux
Sont de retour		Les insectes
Naissent		Les petits
Deviennent des papillons		Les chenilles

Le Petit Printemps

Le p'tit printemps tout vert tout vert
Remplace l'hiver tout blanc tout blanc
C'est un moineau tout gris tout gris
Qui me l'a dit oui me l'a dit

Quand l'hiver fond
V'là le gazon
J'ai plus besoin d'mes mitaines youpi
Pas de glaçons
Sous le balcon
Le froid qui pique est parti youpi
youpi youpi youpi youpi
